### PRODUCT AND SERVICES DISCLAIMER

The information provided by Katie Lindler and KTLN, LLC through products and services whether in written or spoken form are solely for self-development only and not intended or implied to claim or be a substitute for professional business advice, therapy, professional medical and health advice including but not limited to mental, psychological, emotional, or physical medical diagnosis, treatment, cure, condition, illness, or disease.

### WEBSITE DISCLAIMER

The information provided by Katie Lindler, KTLN, LLC on <https://www.katielindler.com> (the "Site") is for general informational purposes only. All information on the Site is provided in good faith, however, we make no representation or warranty of any kind, express or implied, regarding the accuracy, validity, reliability, or completeness of any information on the Site or Services provided by Katie Lindler and KTLN, LLC.

### TESTIMONIAL DISCLAIMER

The Site and other marketing content on the internet may contain testimonials by users of our products and/or services. These testimonials reflect the real-life experience and opinions of such users. However, the experiences are personal to those users, and may not necessarily be representative of all users of our products and/or services. We do not claim, and you should not assume, that all users will have the same experiences.

**YOUR INDIVIDUAL RESULTS MAY VARY.** The testimonials on the Site or on other marketing content on the internet are submitted in various forms such as text, audio and/or video and are reviewed by us before posted. They appear on the Site through the permission and authorization of each individual client testimony. Some testimonials may have been shortened or edited for sake of brevity and grammar.

The testimonials on the Site and in any marketing content on the internet are not intended, nor should they be construed, as claims that our products and/or services can be used to diagnose, treat, mitigate, cure, prevent or otherwise be used for any disease or medical condition. No testimonials have been clinically proven or evaluated.
